## VALLEY POINTS FAMILY YMCA

The Y is a cause-driven, non-profit organization that strengthens communities through youth development, healthy living and social responsibility. That's because a strong community can only be achieved when we invest in our kids, our health and our neighbors.

The Y is for everyone. Our programs, services and initiatives enable kids to realize their potential, prepare teens for adulthood, offer ways for families to have fun together, empower people to be healthier in spirit, mind and body, welcome and embrace newcomers and help foster a community-wide service ethic.

And that's just the beginning . . .

### THE Y IS FOR YOUTH DEVELOPMENT

We believe the values and skills learned early on are vital building blocks for life. At the Y, children and teens learn values and positive behaviors, and can explore their unique talents and interests, helping them realize their potential. That makes for confident kids today and contributing and engaging adults tomorrow.

### THE Y IS FOR HEALTHY LIVING

Being healthy means more than simply being physically active. It's about maintaining a balanced spirit, mind and body. At the Y, it's not about the activity you choose as much as it's about the benefits of living healthier on the inside as well as on the outside.

### THE Y IS FOR SOCIAL RESPONSIBILITY

We know that when we work as one, we move people and communities forward. That's why we are committed to providing support to our neighbors and opportunities for kids, adults and families to give, join in or advocate in the name of stronger communities.

## A PLACE TO TURN TO . . .

Parenting may be one of the toughest jobs you'll ever face. It is the only job left primarily to hands-on training, so we're all amateurs. Most parents do a great job in meeting the day-to-day challenges. Sometimes you can't find the answer for all the problems. Sometimes you need a little help. That's where our Y comes in: turn to the Valley Points Family YMCA Child Care Center for your child care needs. It's a smart and caring choice you're making for yourself and your family.

## MEALS

Breakfast, lunch, and an afternoon snack are provided at no additional cost. Meals are provided under the Child and Adult Care Food Program. All families must complete a food program application at the time of enrollment.

## WORK WITHOUT WORRY

For the times you can't be there yourself, isn't it comforting to know that the Y supports your efforts to nurture your young child's healthy development. Our well-trained staff provides safe, affordable, high quality care so you can have peace of mind while you work to help your family succeed.

## AGE APPROPRIATE EXPERIENCES

YMCA Child Care builds on children's natural desire to learn new things and become more self-reliant. Getting along with other children, sharing, taking turns, and working in a group or learning a new craft. The Y Child Care Center is an exciting and challenging place, helping infants, toddlers and pre-schoolers stretch their skills in mind and body. It is also a safe, comfortable place where children build positive relationships with caring adults.

## FOCUS ON FAMILIES

No matter how many hours children spend in child care, family is the most important structure in their lives. At the Y Child Care Center, good child care is good family care. Like all Y programs, child care is open to all, with financial aid available. Staff members are partners with parents and other caregivers, working together to help children grow healthy, happy and strong.

## SPECIAL BENEFITS

Parents who enroll their child in the Y Child Care Center on a full-time basis can enjoy the benefits of a Y Family Membership while their child is in the program. Parents of kids enrolled on a part-time basis can enjoy a Youth Membership. In addition, enrolled 4 and 5 year old kids can also receive free swim lessons from our team of quality instructors. These are just two more reasons why your child should be at the Y.
